

Memorandum of Understanding

between

CISCOS/U.G.L

And

Ministry of Employment and Labour
of Sri Lanka

The Non Governmental Organization namely CISCOS Ugl of the General Union of Workers that operate in the Field of International Cooperation for the benefit of the weak, women and children and by virtue of previous relations with women's groups visited in recent days in Sri Lanka, calls to implement collaboration and assistance to these associations for an independent intervention by the Governmental Authorities, and that the same Governmental authorities support these groups that are fighting with power and value for the recognition of their work and their dignity and that these rights are respected in countries where they lend their help.

CISCOS aims to promote information campaigns and awareness in collaboration with these groups to protect women and children in accordance with Local Institutions.

CISCOS examining such premises intend to open a door of understanding with Government Authorities and the world of local Associationism, be it for information and training for the recognition of their rights against violence and abandonment of children.

To achieve these objectives, the CISCOS intend to contribute any financial resources to the development and implementation of this project.
